Bespoke Rest & Retirement packages

*Due to having a maximum herd size of 8 horses/ponies, all of our rest and retirement packages can be individually tailored to each horse, ensuring they get the very best personalised care. Our aim is to provide **you** with the peace of mind that your equine partner is being treated like royalty!*

Basic Full Retirement Livery:

24/7 turn out with open access to multiple field shelters and natural shelter.

The field is rotated Summer/Winter to ensure good grazing and to allow the fields to recover.

Retirement horses will also have access to all weather turn out & stables should it be necessary due to adverse weather.*

Adlib hay in winter months when required.

Full Care –

This includes;

Twice daily checks, including rug changes and hard feed if necessary.

Weekly groom and trim (if required)

2 x worm counts yearly & being treated for encysted Red worm in November.

Bringing in for farrier – Our farrier is booked every 8-10 weeks (cost of trim not covered in basic package)

All poo-picking & field maintenance.

We do require that all retirement horses are up to date on vaccinations & have a recent worm count before arriving with us.

£350/month

The basic package does not cover the cost of farrier, extra worming treatments or hard feed, however we are happy to organise and order these & invoice the additional costs, taking the stress off you!

Additionally, the short term use of stables/individual shelter & paddock does come at an additional cost.

Professional services such as dentist/physio/vet can be arranged either by ourselves or by the owner, there will however be a fee for overseeing these visits.
